Regional Director of Field Sales - North Central Territory

Targeted Start Date: ASAP

Location: on site in the Chicago, Illinois area with up to 50% regional travel as necessary

Immediate Supervisor: CRO

Company Background

PCS Software, Inc. is an AI platform for the transportation logistics marketplace providing the trucking industry's most effective transportation management platform (TMP) to improve fleet management and delivery systems and increase profits for our customers. Through innovation and invention, our software individualizes work routines, consolidates workflows, and streamlines management controls to improve accountability, transparency, and eliminate costly and redundant manual processes.

Trucking companies and freight brokers trust PCS to optimize their dispatch, accounting, and fleet operations. TL, LTL, Intermodal, and freight brokerage services use our TMP to automate operations, easily access information, and reduce inefficiencies to maximize sales and revenue. Founded in 1997 and located in Houston, Texas, PCS Software is the leading developer of hosted software solutions designed specifically for the ground transportation industry.

Job Description: Regional Director of Field Sales -North Central Territory

The Director of Sales for the North Central Territory will step into a region that consists of Minnesota, Missouri, Kentucky, Illinois, North Dakota, and South Dakota, as well as neighboring states that touch the Great Lakes. This individual will be expected to travel 50-75% of the time around the region to different client locations if necessary. The ideal candidate will come from a SaaS Software or Software Sales background. Added value comes if the ideal candidate has previous trucking or logistics industry experience as well.

ROLE AND RESPONSIBILITIES

- They are expected to have the strength and experience to be an individual contributor at first and then eventually will recruit, staff, and lead a sales team and account team members to drive new sales in the North Central territory.
- The ideal candidate will extend relationships with past sales accounts as well as add new labels monthly to PCS Software's list of customers.
- In addition, the Director of Sales for the North Central Territory will help train and support account managers and new sales team members on how to cross-sell and up-sell existing accounts into the expanding PCS PaaS Platform.

TECHNICAL SKILLS, REQUIREMENTS, AND EXPERIENCE

- 10+ Years of Field Sales experience selling within the Software industry, specifically SaaS Software.
- Ability to sell \$1M+ annually in software licensing and services consistently over the last 5 years.
- Ability to manage the Sales pipeline using Salesforce Sales Cloud, CPQ and other applications within Salesforce.
- Ability to work closely with the marketing team to drive awareness, branding, and lead generation.
- Manage to a set of specific Sales KPI's.
- Create, implement, and maintain a sales operating plan annually.
- Requires deep knowledge of software sales as a service and sales on software platforms.
- Lead Regional Tradeshow, Seminars and Company Sponsored Fleet Automation events.
- Sales training or certifications in a sales methodology or technical certification is a plus!

SUCCESS FACTORS

PCS Software is a company of motivated employees from a wide range of industries and backgrounds working toward a common goal – the success of our customers in the ground transportation industry. Our team works together and challenges each other to bring new ideas to the table to achieve our mission. That is, to create the most effective transportation management system in the country at delivering process improvements that immediately result in operational efficiencies and revenue generation for our customers.

- Solid track record of longevity at one company and the ability to show growth in your career progression.
- At a personal and interpersonal level, we are looking for individuals who thrive and excel in teams and demonstrate big-picture thinking, willingness to explore new avenues, be persistent when things do not go well, and be committed to delivering and maintaining a high “Do/Say” ratio.
- Strong communication skills, both oral and written, at the technical and managerial level, are also key to success.
- Ability to communicate with customers to understand and document the simulation requirements, then ideate, plan, develop, and deliver simulation tools are required.
- Skill and ability to: collect, curate, organize, synthesize and/or analyze data to summarize findings and develop conclusions and evidence-based recommendations are essential.

EDUCATION REQUIREMENTS

Bachelor’s Degree in Computer Science, Computer Engineering, CIS, MIS, Business, Marketing, Communications, or other bachelor’s level degree required. An MBA is a plus!

OUR VALUES
